OPERATION TIPS

1. Operate only on smooth (but not slippery), dry and clean surface.
2. Do not play with this toy on grass, sand or carpet.
3. Do not drive the toy through water.
4. Always point the controller antenna upward for better transmission.
5. Do not make any physical contact with the controller antenna while operating.
6. Keep the toy in a dry and cool place after playing.
7. Do not leave in direct sunlight.

CONFORMS TO TOY SAFETY STANDARDS ASTM F963-07

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

If shielded cables or special accessories are required for compliance, a statement must be included which instructs the user to employ them, for example,

Shielded cables must be used with this unit to ensure compliance with the Class FCC limits.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
